Data Cleansing

Creating Custom Columns and a  
Date Table

Building Your First Report

Using Multiple Tabs and Filters to  
Provide Report Clarity

Publishing Your First Report

Sharing Your Reports in Print or  
Presentation

Where Next?

## What is Power BI?

Power BI is a suite of business analytics tools that deliver insights throughout your organisation. Connect to hundreds of data sources, simplify data prep, and drive ad hoc analysis. Produce beautiful reports, then publish them for your organization to consume on the web and across mobile devices. Everyone can create personalized dashboards with a unique, 360-degree view of their business. And scale across the enterprise, with governance and security built in.
